THE P. M. Company's Steamship "KOREA" will be despatched for SAN FRANCISCO, via SHANGHAI, NAGASAKI, KOBE, INLAND SEA, YOKOHAMA and HONOLULU, on SATURDAY, the 13th instant, at Noon, taking Freight for Japan, the United States, and Europe. Passengers are allowed to break their journey at any point en route. Through Passage Tickets granted to England, France and Germany by all trans-Atlantic lines of Steamers, and to the principal cities of the United States or Canada.

Passengers holding through ORDERS TO EUROPE have the choice of the Overland Rail Routes from San Francisco, including the SOUTHERN PACIFIC, CENTRAL PACIFIC, UNION PACIFIC, DENVER and RIO GRANDE, and NORTHERN PACIFIC RAILWAY, also the CANADIAN PACIFIC RAILWAY on payment of £4 in addition to the regular tariff rate.

Passengers holding Orders for OVERLAND CITIES in the United States have between SAN FRANCISCO and CHICAGO, the option of the SOUTHERN PACIFIC, CENTRAL PACIFIC, UNION PACIFIC, DENVER and RIO GRANDE, and other direct connecting Railways, and from Chicago to destination the choice of direct lines.

Special rates (First-class only) to European Ports, are granted to Missionaries, Members of the Naval, Military, Diplomatic and Consular Services, and European Civil Service Officials located in Asia, and to European Officials in the Service of the Governments of China and Japan.

TO UNITED STATES AND CANADIAN PORTS, Special rates (first class only) are granted and will apply only to Missionaries, Members of the Naval and Military Services, and to Consular and Diplomatic Officials of the Governments of China and Japan.

Return Passage.—Reduction will be made to passengers who do not hold return tickets, making the return journey between ports in the Orient and Honolulu or beyond, within twelve months.

Through Bills of Lading issued for transportation to Yokohama and other Japan Ports, to San Francisco, to Atlantic and Inland Cities of the United States, via Overland Railway, to Havana, Trinidad, and Demerara, and to ports in Mexico, Central and South America, by the Companies' and connecting Steamers.

Freight will be received on board until 4 P.M. the day previous to sailing. Parcel Packages will be received at the Office until 5 P.M. same day; all Parcel Packages should be marked to address in full, value of same is required.

Consular invoices to accompany each shipment of Cargo or parcel (valued at \$100. Gold or over) destined to Ports, beyond San Francisco, in the United States, should be sent to the Companies' Office addressed to the Collector of Customs at San Francisco.

Merchants' Invoice will be sufficient for cargo or parcel (each shipment) when the value is less than \$100. U.S. Gold.

For further information as to Passage and Freight, apply to the Agency of the Companies, Queen's Building.

EXHAUSTION OF STRAITS TIN.

The increasing difficulties which have been met with in profitably working the tin deposits in the Federated Malay States have been continuously prominent in the reports issued by the administration during the past two or three years, and as these regions supply some two-thirds of the world's output the tendencies which they indicated have been referred to on several occasions in this journal. But, besides the wide interests affected by the greater or less abundance of the stanniferous wealth of the Malay Peninsula, the question has an even more vital, if less extended, interest for the particular communities themselves. Like the Transvaal, this Federation of Native States, which has under British rule attained a remarkable degree of prosperity, is dependent almost entirely upon its mining industry, from which at least nine-tenths of its revenue are derived. It is not, therefore, surprising that the rapidly accumulating evidences of prospective diminution of supply should attract official as well as industrial attention. During 1901 a project took shape, largely through the efforts of the Resident-General, Mr. Treacher, of holding a mining conference to decide as to what extent the known sources of supply were being exhausted and the prospects of their being replaced by further prospecting. The conference was actually held at Ipoh during September and October of last year, and the report of its deliberations has just reached us. The opinions delivered both by the mining officials and by the unofficial mining community displayed a unanimity of opinion more striking than satisfactory. The conference concerned itself with two distinct though interrelated questions—first, whether the mineral wealth of the country showed signs of exhaustion; and, secondly, in what respects the administration of the industry might be improved to counter-balance the increased expenses of working. As regards the

EXHAUSTION OF KNOWN AREAS.

Mr. L. Wray, the State Geologist, stated that in Perak the only district at present producing an important amount of tin was Kinta. He declared that he had spent years in prospecting in other districts, both near the roads and at a distance from the beaten tracks, but without results. In Kinta some 70,000 acres of land were alienated, of which he was of opinion that only a small proportion would be workable at the present price of tin, and a proportionately smaller quantity as prices declined. No lodes had been found, and deep leads, if discovered, could not employ the great number of men engaged in previous workings. He gave as his conclusion that the known tin fields were fast being worked out and that the prospecting of the past did not justify the assumption that there were similar deposits elsewhere in the State. His conclusions were supported by the President, Mr. C. Wray, who declared that the theory of the existence of a deep lead from Tronoh to Menglembu was geologically impossible. As regards Selangor, Mr. Cumming and Mr. Pillai, manager and owner respectively of concessions in the State, and Mr. Dykes, Warden of Mines, declared that despite prospecting operations for years they had scarcely discovered anything. The tin fields of Rawang, Rasah, Serendah and Puduk were rapidly working out; indeed were they offered a concession by the Government of mining land in any portion of the State they would be at a loss where to select it. Mr. Dykes, also from his official experience, gave confirmatory evidence as to

COTTAM & CO. FOR GENT'S BATHING SOAP.

Negri Sembilan. The only cheerful opinion advanced was that by Mr. Hume, who spoke favourably of Pahang, but did not give any data other than a belief in the vast possibilities of tin fields elsewhere from improved methods of mining. Mr. Ogilvie, manager of companies in Negri Sembilan and Perak, said that all Chinamen were convinced that there was

NO MORE LAND IN KINTA.

where large bodies of coolies could be employed, and that they were, therefore, trying other countries. Figures were also quoted to show that in 1897, 116,000 miners produced per head 6.12 piculs, whereas three years later it required 175,000 men to produce the same output with an average of only four piculs per man. In view of the general evidence thus offered it is not surprising that the conference recorded the following unanimous resolution:—

"That this meeting is of opinion that the richer known deposits of alluvial tin ore are being rapidly worked out and that the output of tin has been kept up entirely by the high price paid of late years and by the large influx of labour, and that were tin at the average price of the years previous to 1899—viz., about \$35 per picul—the mining industry would be in a precarious condition." It was, moreover, shown, that besides the increased difficulty of winning ore and the poorer character of the ground worked.

WORKING COSTS HAVE RISEN, owing to the large rise in the price of supplies and the increasing independence of the coolies. In this connection the remarks of the Resident-General in his two last reports on the administration of the States are of interest. In that for 1900 he estimated that with tin at \$40 per picul a considerable number of mines would have to shut down, while a year later he declared that a similar result would ensue were the price down to \$50. Convinced as the members of the conference were of the increasing natural disadvantages under which tin mining must in future be carried on, they naturally insisted strongly on the necessity for immediate reform in the administration of the industry. In this respect there appeared to be three serious grounds of complaint. First, as regards the coolies. There exists no means of adequately punishing desertion; indeed, without pass law such as that in force in South Africa among indentured coolies in the West Indies, it is difficult to see how this mischief can be dealt with. In the States it is even more serious than in the Transvaal, as the Chinese coolie receives an advance of wages at the time of his engagement so that his early desertion involves his employer in actual loss besides out of pocket expenses for recruiting and transport. The second difficulty is uncertainty of title, owing to the absence of a survey, a difficulty which has not been lessened by the spasmodic attempts of the administration to provide for temporary difficulties by exceptional measures. A third grievance discussed with much moderation by the conference was the high rates maintained by the railways in spite of the large profits which they have returned on working, and it was argued that if the surpluses thus made were either reduced by cutting rates, or were expended in creating further transport facilities, the cost of supplies would be diminished, and the industry from which the State derives its prosperity would be placed in a more flourishing condition. The opinion of the Chinese who are most familiar with the mining possibilities of the country is very significant, and considering the commission represents the best opinion available, it seems reasonable to suppose that black tin cannot be expected to fall below an average price of three figures, while it is available that if labour is diverted elsewhere the amount of tin which can be produced at even a high price may be so reduced as to cause real scarcity of the metal. Looking to the future it must always be remembered that the end of shallow alluvials is always in sight when compared with the permanency of lode mining, and it is not impossible that centres like Cornwall and Bolivia may, despite themselves, be brought into prominent notice from the necessity of producing tin from some source or other.—*Mining Journal.*

There is just sufficient reason in the boast of the American journalist to his countrymen that if they would hustle now they might easily, notwithstanding fifty years British rule, obtain the pick of the new trade of Swatow, to make it worth while to say a few words on the British side of that commercial question. The expression "new" trade is relative only. The business possibilities of Swatow as a port of Eastern Kwangtung, perhaps the richest province of the Chinese Empire, have no doubt always been there, but the quickening events of the last few years have opened up new avenues to the market of the interior. Moreover, the town now shares with Amoy the entry and exit trade with Fokien, the rice and tea growing province. The commercial position of Swatow may, therefore, be described as commanding, though hitherto full advantage of the fact has not been taken by either the British or German traders, whose interests at present predominate, to the practical exclusion of all others. The Germans, indeed, are moving to strengthen their foothold before the advent of other nationalities brings about a sharper competition, for it is already announced that very shortly the number of German steamers touching at Swatow will be doubled. Among the British the only proposal so far made is to start more retail stores. Now, what appears to be wanted is not so much the opening-up of more shops in the treaty port as combination between leading firms in certain lines of goods for which there is, or could easily be created, a large native demand. One considerable show-room at Swatow, with native-speaking employees to explain the uses of the various articles, would serve the combined purpose of what then only require to be established in the interior of the two provinces. I may be urged that most large firms are already represented inland by a compradore, but the various trades unite to keep a British command of the market more agencies could be established, and better men selected than can now be the case—a very important matter, to which attention is not always paid.

SWATOW, THE PORT OF THREE PROVINCES.

There is just sufficient reason in the boast of the American journalist to his countrymen that if they would hustle now they might easily, notwithstanding fifty years British rule, obtain the pick of the new trade of Swatow, to make it worth while to say a few words on the British side of that commercial question.

The expression "new" trade is relative only. The business possibilities of Swatow as a port of Eastern Kwangtung, perhaps the richest province of the Chinese Empire, have no doubt always been there, but the quickening events of the last few years have opened up new avenues to the market of the interior. Moreover, the town now shares with Amoy the entry and exit trade with Fokien, the rice and tea growing province. The commercial position of Swatow may, therefore, be described as commanding, though hitherto full advantage of the fact has not been taken by either the British or German traders, whose interests at present predominate, to the practical exclusion of all others. The Germans, indeed, are moving to strengthen their foothold before the advent of other nationalities brings about a sharper competition, for it is already announced that very shortly the number of German steamers touching at Swatow will be doubled. Among the British the only proposal so far made is to start more retail stores. Now, what appears to be wanted is not so much the opening-up of more shops in the treaty port as combination between leading firms in certain lines of goods for which there is, or could easily be created, a large native demand. One considerable show-room at Swatow, with native-speaking employees to explain the uses of the various articles, would serve the combined purpose of what then only require to be established in the interior of the two provinces. I may be urged that most large firms are already represented inland by a compradore, but the various trades unite to keep a British command of the market more agencies could be established, and better men selected than can now be the case—a very important matter, to which attention is not always paid.

The market for agricultural implements is quite unsupplied; yet experts give it as their opinion that if a cheap plough on the same principle as the native machine in use, but able to cut deeper, were once introduced, it would have an enormous sale. Again, in Kwangtung and Kwangsi, where the circumstances of the people are better than in most parts, there is a demand capable of becoming a huge demand for foreign cotton goods, an opening for Lancashire. But the taste of the people in colours and make-up must be thoroughly understood, for the Chinaman knows what he wants and will pay for nothing else. These are but two items out of the many for which a market is available by means of the port of Swatow. A considerable export trade is likely to follow the opening of the interior, for tea and rice would come down to the coast from Kwangtung and Fokien, and tea and porcelain from Kwangsi. The northern part of this province has Kiating, on the Yangtze, for its main outlet, but the southern half now relies largely on distant Canton. Swatow is nearer, is directly on the sea coast and is every month growing more important. In fact, sooner or later it must become the port of entry of these two provinces, while sharing that position, in relation to Fokien, with Amoy.

That being so, it is eminently desirable that the great and increasing trade should be in British hands—not only because of the enormous commercial advantages involved, but also because it is a matter of some political moment to maintain British influence paramount in every direction in that part of China. Swatow is the coming town of Southern China, and it is a treaty port open to the whole world. The Americans are on the move to tap the resources we have hitherto left untouched; the Germans are taking active steps to increase their facilities of communication; but so far the Englishman holds undisputed the foremost trade position. Are home firms prepared to do a little "hustling" and keep the fruits of pioneer labours? This is the question which our people are asking each other. The answer must be prompt if it is to be of avail.—*P. M. G.*

THE BRIGHT SIDE OF LIFE.

It is a feeling common to the majority of us that we do not get quite the amount of happiness we are entitled to. Among the countless things which tend to make us more or less miserable ill health takes first place. Hannah More said that sin was generally to be attributed to biliousness. No doubt a crippled liver with the resulting impure blood, is the cause of more mental gloom than any other single thing. A chronic dyspeptic, says an eminent English physician, is always on the verge of a mental upset. And who can reckon up the fearful aggregate of pain, loss and fear arising from the many ailments and diseases which are familiar to mankind. Like a vast cloud it hangs over a multitude no one can number. You can see these people everywhere. For their life can scarcely be said to have any "bright side" at all. Hence the eagerness with which they search for relief and cure. Remedies like

WAMPOL'S PREPARATION

have not attained their high position in the confidence of the people by bald assertions and boasting advertisements. They are obliged to win it by doing actually what is claimed for them. That this remedy deserves its reputation is conceded. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, combined with the Comp. Syrup of Hypophosphites, Extracts of Malt and Wild Cherry. Nothing has such a record of success in Scrofula, Anemia, Nervous Debility, Influenza, Throat and Lung Troubles, and all emaciating complaints and disorders, that tend to undermine the foundations of strength and vigour. Its use helps to show life's brighter side. Dr. W. H. B. Atkins, of Canada, says: "I am pleased to state that the results from using it have been uniformly satisfactory." You can take it with the assurance of getting well. It is a preparation brought up-to-date and effective from the first dose. It never disappoints. At all chemists and A. S. Watson & Co., Limited.

OWING to the insufficiency of accommodation in the present building and the increasing demand for admission, it has been found necessary to extend the wings of the main building and to enlarge the Chinese department by an additional storey with two wings. The estimated cost will amount to over \$15,000. To cover these expenses we Appeal to the liberality of all friends of Education. The establishment has been in existence for the last 25 years and is open to all classes. Much of the clerical work of the city is carried on by its past pupils. As this is the first time we have applied for assistance we expect a generous response. The names of our most liberal Benefactors will be inscribed upon marble tablets, as a lasting testimony of their generosity.

HONGKONG, SATURDAY, DECEMBER 6, 1902.

LOCAL AND GENERAL.

INWARD PARCELS by s.s. *Valetta* are now ready for delivery.

LOYAL—The German steamer *Loyal* is undergoing her annual survey at the Kowloon Docks.

SHANGHAI—Quarantine restrictions are still in vogue against Shanghai for scarlet fever, diphtheria and cholera.

SIR LIANG CHENG, the new minister to the United States, will probably spend a month in Canton before leaving for the West.

SIR C. PAUL CHATER is returning to Hongkong by the German Mail steamer *Princess Irene* due here about Christmas.

DEATH OF HUGH PRICE HUGHES—The death of the Rev. Hugh Price Hughes, the well known Methodist Minister, is reported.

EXTRADITION—A copy of the Extradition Declaration of the 6th June, between Great Britain and Austria-Hungary, appears in the *Gazette*.

PASSAGE BROKERS' LICENCES—Applications for the Passage Brokers' Licences, for 1903, will be received at the Harbour Office from the 12th to the 30th inst.

SIR ERNEST SATOW, K.C.M.G., embarked on the Government launch *Victoria* to be conveyed back to the *Parramatta* at 12.30 p.m. to-day. The *Parramatta* left with the home mail this afternoon.

BRITISH-CHINESE TREATY—A copy of the Treaty between Great Britain and China signed at Shanghai appears in yesterday's *Government Gazette*. It will be remembered that the Treaty appeared in the mail edition of the *Hongkong Telegraph*, as a supplement, a few days after it was signed by Sir J. Mackay and Their Excellencies Lu Hai-huan and Sheng Hsian-huai.

DISORDERLY CONDUCT—F. Carroll, a fireman of U.S.S. *Helena*, was charged before Mr. F. A. Hazeland this morning with being drunk and unlawfully entering No. 20 Praya East, upsetting everything he could lay his hands on, assaulting a constable in the execution of his duty, and refusing to pay richelka hire. He pleaded guilty and was fined \$40 on the first count, \$10 on the second, and ordered to pay 75 cents on compensation on the third count. Carroll paid the money.

CHURCH WORK IN HONGKONG—At the monthly general meeting of the S.P.C.K. Presbytery Bloomfield Jackson presiding, the Bishop of Victoria, Hongkong, placed before the meeting the position of Church work in Hongkong, and the treaty-ports of Amoy, Swatow, and Canton. He also referred to the work of St. Paul's College, Victoria, which was founded in 1847 for training natives with the help of a grant from the S.P.C.K., and which after some vicissitudes, was now fulfilling the purpose for which it was founded.

REGISTERED COVERS FOR SHIPS—The following list of registered covers for ships will prove useful to our "finny" friends who are unable to refer to the official notifications—
S.S. *Andrie Rickmers*, Magnus Heinrichs, S.S. *Canton River*, R. Morgan, S.M.S. *Fuzel Bismarck*, S. Prugning, S.S. *Holland*, Ludwig Krieger, H.M.S. *Jelung*, George Thomas, S.S. *Kohji Kang*, Heinrich Schmidt, Italian Man o' War, *Picconle*, Comandante, U.S.F.S. *Rathbone*, L. Catania, S.S. *Soo Sang*, Ufolk, S.S. *Tardenstjolle*, K. L. Larsen, and U.S.S. *Wilmington* The Paymaster.

NEW LAW COURTS—The time (1920th ult.) within which tenders for the construction of the new Law Courts (superstructure) were to be sent in is extended till noon on the 20th inst.

CHEAP PASSAGE FROM HONGKONG—At Singapore, J. Thompson and J. Hopwood have been charged by Capt. Payne of the s.s. *Nam Sang* with being stowaways from Hongkong to that port. Both men pleaded guilty and were sentenced to fourteen days' simple imprisonment.

MINING MATTERS—A meeting of mining delegates from the Federated Malay States was held at Kuala Lumpur on the 1st inst. Mining matters of importance were brought before the meeting, which had been called together by the Government. It has been made known that the Government is desirous of rendering every assistance to, and advancing the interest of, the mining industry.

FIXED DEPOSIT FOR 200 YEARS—The *Japan Times* contains a paragraph which will greatly interest somebody two hundred and fifty years hence. It states that the Deichi Bank in Tokyo in 1900 received a deposit of 3,000 yen, which will remain fixed with accumulating interest for two hundred and fifty years, the bank having contracted to pay at the end of that time the respectable sum of 1,208,411,179 yen.

THE CRISIS IN SZECHUAN—The *Sinwupao's* Chungking correspondent reports the arrival on the Szechuan-Yunnan borders of a large body of insurgents from the latter named province, and the besieging by them of the Szechuan city of Hsingwenhsien. The correspondent further states that Viceroy Tsen Chien-hsien has sent the "Lih" regiment to assist the Hsingwenhsien authorities in repelling the Yunnan insurgents.

WESLEYAN CHURCH, WANCHAI—The annual service to foster and increase interest in Foreign Missions will be held in the above Church on Sunday and Monday, the 7th and 8th inst. On Sunday morning the Rev. Dr. Beattie, of Canton will preach, and in the evening at 6, the Rev. C. F. Fone. On Monday at 6 p.m. a public tea will be provided, to be followed at 7.30 by the annual meeting. The Revs. Dr. Beattie, T. W. Pearce and others will furnish missionary information. The Hon. F. H. May, C.M.G. has kindly consented to preside.

THE REAL RULE OF CHINA, is Yung Lu. There is a report which is seriously taken among Chinese here, says the *N. C. D. News*, that something will happen to the Emperor before long, and that the Empress Dowager will then retire, and the Emperor's brother, Prince Chun, Yung Lu's son-in-law, will be made the nominal Emperor, with Yung Lu confirmed in the possession of all the real power. A more probable prediction is, that if Prince Chun has a son, that son will be made Emperor, with his grandfather, Yung Lu, as his guardian.

CURRENCY MATTERS—It is reported that an important section of the wage-earning Europeans of Singapore have in contemplation a movement to secure payment of their wages in gold, reports the *Singapore Free Press*. Several of the prominent Japanese firms at that port have decided to raise prices by ten per cent on account of the state of exchange. The currency question does not seem to interest keenly the public of Penang. The *Penang Gazette* complains that no steps whatever have been taken for allowing the public to express an opinion upon so important a question.

THE FOLLOWING RETURNS of the average amount of Bank Notes in circulation, and of specie in reserve in Hongkong, during the month of November, 1902, as certified by the managers of the respective Banks, are published in the *Government Gazette*:

BANKS.	Average Specie in Amount.	Reserve.
Chartered Bank of India, Australia and China	\$3,385,287	\$1,800,000
Hongkong and Shanghai Banking Corporation	9,074,365	5,000,000
National Bank of China, Limited	437,168	150,000
Total	\$12,896,820	6,950,000

CANNON AND CRACKERS—The portions of the waters of the colony within which it is prohibited to discharge cannon, firearms, or fireworks are:—That portion having for its eastern boundary, a line drawn across the centre of the Lye-mun Pass; and for its western boundary, a line drawn from the west end of Hongkong to the west end of Green Island, thence in a straight line to the west end of Green Island, continued to the mainland, and that portion lying within a line drawn from the west end of Hongkong to Waterfall Bay, thence to south end of Taitam Peninsula, continued to Cape d'Aguiar and Cape Collinson, terminating at south-east corner of the Lye-mun Pass. Mail Steamers may fire a gun if arriving within the above limits between 9 p.m. and 6 a.m.

HSINYU'S STORMY PASSAGE—The *China Times* of 26th ult. says:—The *HSINYU* has arrived outside the bar after a very stormy passage. She encountered the worst weather the officers on board have seen for many years. The ship was "hove to" for one day. During this time she nearly buried herself. She shipped enormous quantities of water which broke in windows, doors and bulkheads fore and aft. The whole of her fine saloon at the fore end was ruined by the large quantities of water which poured in. The Viceroy of Szechuan, who was on board, had a hard time of it and was glad to get out of the ship at the bar and come in chop-clip. All the other ships are overdue on account of the bad weather. They have been anchoring at the different places of shelter on the coast. Some are reported missing. The weather is now fine, but tides very low.

THE KIOCHOW FLOATING DOCK—The Berlin correspondent of the *New York Herald* (Paris edition) reports that a new floating dock, with a capacity of 16,000 ton, is being completed at Kiel, and will be taken to Kiochow, where it will serve for German warships and merchant vessels. Heretofore German warships have been obliged to go into foreign docks for repairing. This floating dock is capable of taking the largest German warship. This bears out the cable from our London correspondent, published in our columns several months since, and contradicts the report, which had been circulated, that the dock was 1,600 tons capacity.

POSTAGE ENVELOPES AND NEWS-PAPER WRAPPERS—After the 1st January next, the un-mentioned postage envelopes and newspapers will be sold at face value at Hongkong and its Postal agencies in China:—

SERIOUS FIRE IN QUEEN'S ROAD WEST.

THIS MORNING.

The stillness of the early morning hours was broken by the ringing of the town bell, which denoted that a fire had broken out in the Western part of the City. The fire brigade, under the charge of Deputy Superintendent Captain Lyons, and Chief Inspector Mackie, hastened down to the scene of the conflagration, where they found that house No. 39, Queen's Road West was burning fiercely, and this, combined with a stiff breeze, threatened to envelope the adjoining houses. Seeing that there was no hope of saving No. 39, and as smoke was already issuing from Nos. 37 and 35, the firemen concentrated their attention to saving the two houses. After a hard battle they succeeded in saving the premises, but not before they had been damaged by water. No. 39, which is a three-story building, was completely gutted, whilst the top floor of No. 37 was also damaged by fire and water, as also the first and second floors of No. 35. The fire is reported to have broken out on the first floor of No. 39, used as a mirror and joss-stick shop. The cause is due to drying of the joss sticks, which accidentally caught fire. The premises are insured with Chinese Insurance Companies.

CORRESPONDENCE.

THE FORTHCOMING REGATTA.

To the Editor of the "HONGKONG TELEGRAPH."
Sir, I see in the columns of your morning contemporary that their sport casts a nasty slur on the possibilities of Humphreys being one of the representatives of the English crew in the forthcoming Regatta. He remarks:—When I say English I am not quite correct, for Humphreys, who, until it was abandoned, stood for the Welsh crew, is in the challenging crew. How this inconsistency has been got round is not quite clear. However, the probable reason of the challenge looks to be not an honest wish to enter the best possible English crew, but to further some individual interests. The writer continues by favourably criticising all the crews of the Boat Club and the mention of V.R.C. oarsmen is conspicuous by its absence. Mr. "Ompax" fails to observe that H. L. Binyon, stroke of the Boat Club's team, is a Nova Scotian who, if I am not far wrong, subscribed to the Scotch Ball as a Scotsman; nor is any mention made of the overbearing attitude of the Club in opposing the inclusion of the best oarsmen from both Clubs, thereby obtaining the strongest possible team to represent England at the Regatta. I quite agree with the *Daily Press* when it opines that "the probable reason of the challenge looks to be not an honest wish to enter the best possible English crew, but to further some individual interests," and it appears that if the Boat Club had its own way some of the best sportsmen of the Colony—members of the V.R.C.—would be ignored.

Thanking you in anticipation,
Yours &c.,
ENGLISHMAN.

SPORTING NOTES.

CRICKET.

The "Longs versus Shorts" was to-day's match. The teams were as follows:—

Longs (5 ft. 10 in. and over):—F. M. Broadben, R.N., Major S. F. Clark, R.A.M.C., Lieut. Dalrymple, R.N., Capt. Fawcett, R.A., Colonel Ferrier, A.D.C., E. W. Fitch, R.N., P. W. Goldring, T. C. Gray, Lieut. P. M. Heath, 10th B.I., A. Mackenzie, and Capt. Radcliffe, R.E. Shorts (under 5 ft. 10 in.):—J. T. Dixon, G. O. Heron, I. Hooper, Dr. H. Huskinson, R.N., Lieut. L. C. Lampen, R.M.L.I., A. C. Ransom, R.N., Lieut. M. H. Rimington, S.P., Major Le Breton, R.N., R.E., Capt. Tullock, R.A., W. C. D. Turner, and A. G. Ward.

The miserable drizzle did not stop the leather hunters. Shortly after three o'clock, all the "Shorts" were out for 14 runs.

The rain was so heavy at four o'clock that the game was discontinued.

CRICKET. C. C. P. A. O. D.

The match between the above teams was cancelled on account of unfavourable weather.

GOLF.

The Royal Hongkong Golf Club open their December meeting to-day; it concludes on Tuesday.

HOCKEY.

The Hockey League competition commences next week. There are twelve entries comprised of five Naval teams, five Military and two Club X's.

THE REGATTA.

The Eastern boundary will be a line due North and South from the Kerosine Depot, Tai Kok Tsui, clear, and west of the Man-of-war anchorage at Kowloon. The Western boundary will be a line due North and South from the flagstaff, (shp Daylight). The distance of the course will be 14 miles from the flagstaff.

THE NEW POST OFFICE.

The Governor invites designs for the erection of the Post Office and other Government buildings on the site to the left of the Pedder Street of extension. It is suggested that the floor of the Post Office, which is to occupy the ground level, be raised sufficiently above the footpath to give additional light and ventilation to the basement. The first floor will be utilized for Treasury and Registrar General's Departments, and the second floor for Audit, Education and Sanitary Department. Post Office fittings will include a fireproof room for mail bags, a strong room for parcels and a linen room 300 ft. square; the Treasury's department to be fitted with the usual stamp vault and strong room. Exclusive of the Architect's commission, the total cost of the building is not to exceed \$300,000.

CANTON NOTES.

(From Our Correspondents.)

Canton, 5th December.

ANOTHER DARING THEFT.

The thieves and ruffians here are becoming more daring every day. A Portuguese clerk in the employ of Messrs Arnold Karberg left the office at the usual time yesterday evening and having just received his monthly salary was making for his home when three ruffians accosted him, and threw pepper into his eyes, robbed him of his money, and decamped. This occurred on the Canal Road facing Shamenee.

ANOTHER COLLISION.

Yesterday morning the Norwegian steamer *Labor* collided with a large junk in tow of a launch on its way to Canton from a market town. It was early morning and very dark. The junk was nearly cut in two, and a considerable quantity of cargo, such as pigs &c. was washed overboard. The junk sunk a few minutes after the collision.

CANTON-HANKOW RAILWAY

AND KING LEOPOLD.

A Brussels telegram states that King Leopold, for himself and for the Franco-Belgian Syndicate which constructed the line from Peking to Hankow, lately acquired a great block of the shares of the Hankow and Canton Railway Company belonging to the American Syndicate. According to the Convention concluded between the King's delegates and the representatives of the American Syndicate, all the materials necessary for the construction of this line must be bought by halves in Belgium and the United States.

The negotiations between King Leopold and the Chinese Government concerning the concession of several important railway lines and a territorial concession in the neighbourhood of Hankow are said to be progressing favourably. The King will probably obtain satisfaction of all his requirements from the Peking authorities. Concerning this the *Vingetieme Siecle* says:—

We believe that this information is not correct, at least as far as the grant of important railway concessions is concerned. The Hankow-Peking Railway is being constructed by a Franco-Belgian Company, whose head offices are at Brussels; but, according to private information which we have received, nothing is known here of any concessions to King Leopold. With regard to territorial concessions, there is at Hankow itself, and not in the neighbourhood, a vast estate, situated on the right bank of the Yangtze, and extending for a distance of 17,000 metres, which was purchased by the King of the Belgians four years ago, and since then his Majesty has been negotiating with the Chinese Government with the object of securing the extension to his property of the rights along with every foreign concession in China.

TIENTSIN DAY BY DAY.

(From Our Own Correspondent.)

TIENTSIN, November 24th.

AMERICAN CONSULAR SYSTEM.

The American Consul, Mr. Ragsdale left for home on four months' leave. It is generally hoped that he will be appointed for another spell here, as he has suited Tientsin very well. The American Consular system precludes the most representative class of men filling these posts, and Americans abroad live much as a rule, to say about the inefficiency of their Consuls; but Mr. Ragsdale has steered clear of many shoals, and is a careful albeit not specially trained Consul. In accordance with American system, his place is temporarily taken by Mr. Gammon, who has, I believe, had no previous experience in the business, and is better known in connection with a Bible Society. He is, however, a practical man.

JAPANESE MANOEUVRES.

General and Mrs. Creagh are back from Japan where they went to witness the manoeuvres. We have heard little or nothing about the manoeuvres up here yet, and do not know whether they were a success or failure. I remember witnessing the first manoeuvre Japan ever had, which was in 1892, and one of the most impressive facts was the inability of the men to stand much hardship or strain. The manoeuvres only lasted three days, and quite a percentage of the men were furloughed and generally played out. Even as late as then there was just a chance of giving offence if foreigners stood in the streets to watch the Emperor ride by, and I remember we found it expedient to take shelter in a rather dark shop. Ladies who attended the grand military review which brought the manoeuvres to a close were requested to remove their hats and bonnets. The missionary ladies did so; others declined the absurdity.

The Russian Minister has had to leave Peking owing to ill-health, and the capital is now without leading representatives for England, France and Russia, but the *charge d'affaires* in each instance will, it is thought, be able to maintain the credit of his country.

NONSENSICAL TALK.

There is much talk once more about the E.D. abdicating in favour of the Emperor, but I need hardly say it is all nonsense. One of the foreign ladies, (by which Mrs. Conger is presumably meant) is said to have urged her during the birthday celebrations to retire and take the necessary rest which her advancing age demands; and consequently she has expressed the wish for the Emperor to come to the fore again.

Jung Lu is maintaining his influence over the old lady, who in order to strengthen his position is said to be now seeking to marry another of Jung Lu's daughters to Prince Tseng. Considering how very profitable the late daughter's marriage was to him Jung Lu probably wishes to find a dozen.

COTMAN & CO. FOR TRESS'S STRAW AND FELT HATS.

NAVAL NOTES.

H.M. cruiser *Edith* arrived from Woosung this morning.

The U.S. gunboat *Helena* left for Canton with the U.S. Admiral to-day.

The French cruiser *D'Entrecasteaux* left for Tonkin to-day.

H.M. cruiser *Argonaut* left for Singapore to-day.

The U.S.S. *Kentucky* went into drydock at Kowloon to-day. When the docking is completed the German cruiser *Friedrich Blumrich*, now on her way from Tsingtau to Hongkong, takes her place. The U.S.S. *Montgomery* goes into the Cosmopolitan drydock to-morrow; she is to be followed by the U.S.S. *Yorktown*.

A STRONG FLEET.

This morning we had indeed a fine fleet of War and Government ships in harbour comprising 31 vessels of which 9 were British and eight American.

The British vessels were: battle-ships—*Ocean* and *flagship Glory*; cruisers—*Argonaut*, and *Talbot*; torpedo-boat destroyers—*Pam*, *Whiting*, *Handy*, *Janus*, *Otter* and *Taku*; sloops—*Algerine*, *Phenix* and *Rosario*; coast-defence ship *Wivern*; gunboat *Fischbrand*; surveying ship *Waterwitch*; despatch-boat *Amerity*; store-ship *Humber* and receiving-ship *Tunmer*.

The foreign fleet were comprised of the United States ships *Kentucky* (flag), *cr. New Orleans*, *g. b. Vicksburg*, *g. b. Helena*, monitors *Yorktown*, *Monadnock* and *Montgomery*, and transport *Saturn*; the German *g. b. Tiger* and *cr. Geyer*; the French *cr. D'Entrecasteaux* (flag); and the Russian *cr. Admiral Nahimoff*.

SINGAPORE MERCANTILE

MARINE AND THE

CURRENCY.

There was a good attendance at a meeting held at Singapore recently to enable the seafaring community to air their views on the Currency Question. Mr. W. Makepeace occupied the chair and gave a lucid description of what the present currency troubles are and, at the conclusion of his speech, considerable discussion ensued in which Captains Hunter and Busk and Messrs. J. Allison, E. M. Lyon, R. Cummings, F. Pellock and others joined. From the general tenor of the remarks it appeared that the general condition of the officers of the vessels sailing out of Singapore had been going from bad to worse with the fall of the dollar. It seemed that it was the married men—those who had to remit money home—who suffered the most and that some of these and their families were really in serious straits.

Capt. Hunter pointed out that the officers and engineers generally were not business men, and that they did not usually invest their spare cash as landmen did. Instead, they usually put all their spare cash into the bank on deposit with the intention of having something to fall back on when they went home. But many stayed out here until they were quite broken in health and forced to leave. Supposing such a man had stayed out here for 14 years and had put by \$1,000 per annum. When he started to do this the dollar was at 3s. 1d. and if this rate had continued he would have gone home with about £2,000, quite a nice little amount. But, owing to the fall in silver, the unfortunate man would now have only about £1,000 and this was cruel indeed.

Much more discussion followed, and eventually Mr. Allison moved and Captain Busk seconded—

"That this meeting expresses its opinion that the Government adopt a Currency System with a fixed rate of exchange."

Carried *unanimously*.
A motion proposed by Mr. Cummings and seconded by Mr. Saxelby, to the effect that the Marine Club Secretary be instructed to forward copies of the above resolutions to the Colonial Secretary for transmission to H. E. the Governor and another copy to the Singapore Chamber of Commerce, was carried with acclamation and the meeting terminated with the usual vote of thanks to the Chairman.

Commercial.

TO-DAY'S INTELLIGENCE.

The special feature in the share market is the brisk demand for HONGKONG BANKS, and sales have been made at \$650 to \$552.50, and there are buyers at even an advance on these quotations. WHAMPOA DOCKS are rather weaker with small sales at \$216, and now sellers at \$115. Small sales have been made in HONGKONG, CANTON & MACAO STEAMBOATS at \$37 and \$36.75. Sales are noted of HUMPHREYS ESTATE at \$12.50. Business has been done in CHINA PROVIDENTS at \$9.70. Sales effected in HONGKONG LANDS at \$183, and there are still buyers at this rate. CHINA SUGARS continue depressed, lots of shares changing hands at \$85 to \$83, and weak at the latter rate. There is a small inquiry for INDO-CHINA STEAM NAVIGATION at \$92, while DOUGLAS STEAMSHIPS are wanted at \$47.

WEEKLY SHARE REPORT.

In their weekly share report, dated 5th inst., Messrs. Benjamin, Kelly and Potts state:—

The past week has been generally dull and there is not much business to report, the only noticeable feature being a rise in the value of Hongkong and Shanghai Bank share.

Messrs. S. C. Farham, Boyd and Company, Limited, have declared an Interim Dividend of 1s. 7 pence, payable on the 22nd inst.

The Hongkong and Whampoa Dock Company, Limited, has given notice of an Extraordinary General Meeting to be held on the 8th December, for the purpose of discussing and, if thought fit, approving the directors' proposals for the construction of a new dock at contained in the Circular to Shareholders dated the 22nd September, 1902. The transfer books will be closed from 9 a.m. to 1 p.m. inclusive on the 8th inst.

COTMAN & CO. FOR SUMMER UNDERWEAR.

Banks—Hongkong and Shanghai Banks dropped to \$540 in the early part of the week but recovered almost immediately, and shares have since been taken off the market at bidding rates up to \$650, at which figure further inquiries exist. The London quotation has receded to \$625. Nationals are unaltered.

Marine Insurances.—There is no change in the price of Unions which continue in demand at \$460. China Traders are steady with buyers at \$58, while Cantons remain on offer at \$167. Sales of North Chinas are mentioned at 11s. 1774. Yangtses have advanced to \$133 and are wanted.

Fire Insurances.—We have heard of no business in stocks under this head, and rates are unchanged.

Shipping.—Hongkong, Canton and Macao Steamboats have been sold at \$374, and are now obtainable at \$374. Indo-Chinas have ruled still lower, and have been sent to Shanghai at \$91. At the close, however, shares are in strong demand at this figure, but sellers are holding off for higher rates. China and Manilas have declined, and are procurable at \$35. Douglas Steamships have been placed at \$42, but more shares are to be had at this price. Star Ferries are unchanged.

Refineries.—China Sugars have suffered a heavy decline, and are now in the market at \$85. Luzons are offering at \$15.

Mining.—Punjoms keep steady and can be placed at \$21. We are informed that during the month of November, 705 tons of mineralized and surface ore were crushed for a yield of 108 ounces gold, valued at \$4,800. A reef about 3 feet thick has been discovered in Kalampong Valley. Rauba have been the medium of a fair business at \$61 closing with further inquiries at the higher rate. Chinese Engineerings are to be had at 11s 8.

Docks, Wharves and Godowns.—Hongkong and Whampoa Docks have improved their position, and after sales at \$215 are still wanted. Farnhams have been done in the North at the further reduced rate of 11s. 195. Kowloon Wharfs are quiet, and can be bought at \$80. New Amoy Docks are in request at \$40.

Lands, Hotels and Buildings.—Hongkong Lands have changed hands at \$182 and can now be placed at \$183. West Points have advanced to \$52 and are wanted. Kowloon Lands are unchanged with buyers at \$31. Hongkong Hotels continue in demand and have found buyers at \$141. Astor House Hotels have buyers at \$328. Humphreys Estates have been parted with at \$124 at which rate there are further sellers. China Providents have been disposed of at \$97 and \$97.

Cotton Mills.—Ewos have been done at 11s. 40, and so have Internationals. Laou-Kung-Mows are wanted at 11s. 40. Hongkong Cottons are steady, and sales at \$174 have been made.

Cigar Companies.—There is no business to report.

Miscellaneous.—Green Island Cements have been booked at \$204 and \$20 at which latter rate more shares can be placed. A. S. Watsons have changed owners at \$144, ex the interim dividend of 50 cents paid on the 29th ultimo. Sales have been made of Electrics at \$13 and \$63 for the old and new shares respectively. Langkats: The new scrip having been issued in the New Company (The Maatschappij tot Mijna, Bosch en Landbouwexploitatie in Langkat) at the rate of two new shares for each old one, we shall henceforth quote them accordingly. Business has been transacted in Shanghai at 11s. 165.

FORTNIGHTLY MARKET REPORT.
Cotton.—New crop cotton began to arrive freely, but demand has been rather slackened. Only about 700 bales of superior quality were sold at \$14 to \$25 per picul. The unsold stock is about 1,000 bales.

Yarn.—Although the rate of Exchange on India has suffered a great fall, prices realized were not at all satisfactory. Sales of about 3,500 bales are reported in the market, leaving unsold stock of about 10,000 bales.

Malwa Opium.—Market continued firm and large sales were made during the fortnight. New at \$990 to \$1,010 and old at \$1,060 to \$1,100 of about 350 chests. The unsold stock is estimated at about 400 chests.

Pengal Opium.—Prices show a great fluctuation. Patna New from about 950 chests at \$975 to \$995, Old about 30 chests at \$970 to \$1,015, Benares about 200 chests at \$970 to \$995 were sold. The unsold stock is estimated at about 1,500 chests.

Persian Opium.—Rather quiet. About 70 chests changed hands at \$775. The unsold stock is about 1,800 chests.

Exchange.—A great fluctuation was seen during the fortnight.

Closing Quotations:—

YARN MARKET REPORT.

Messrs. Cawasjee, Pallanjee & Co., in their fortnightly yarn report dated 5th inst., state:—Since the issue of our last circular dated the 21st ultimo, notwithstanding small stock, as well as moderate arrivals during the interval, a falling off of demand is to be noticed in our Yarn Market. Business continued in the same dull and dragging state as previously reported. With the vagaries of Exchange, disorganized state of the consuming districts, and the utter stoppage of orders from Shanghai and the Northern Ports, we are passing through a period of great depression. Prices, though showing here and there a slight improvement, business transacted was for actual requirements only. Not 100, 125, and 307 found buyers to a
